Many of us have smartphones that we use for directions when we need to get to a location we've never been to before. What happens when we get distracted and miss our exit? Our application already knows that we missed it and reroutes us, so we can be back on track. If we continue to ignore our exit, it will continue to provide new directions to our destination. It may take a bit longer, but we will get there.

In biblical terms **GPS** means: **God's Positioning System**.

**God** is like a **GPS**. We stay connected to God by spending time with Him in **Scripture** and in **prayer**. It will provide the feedback we need to keep you on **track spiritually**. As Christians, our spiritual health is the most important health dimension in our life.

A Christian version of **GPS** means **God is in control of our life**. It also refers to the **Holy Spirit's prompting** of direction.

When we say, “The Lord is My **GPS**”, it means that we believe that the Lord will always lead us. He will satisfy our needs in dry lands. He will give strength to our bones. We will be like a garden that has a lot of water. We will be like a spring that never runs dry.” (Isaiah 58:11)

This Scripture is telling us that the Lord will **lead** us, but we must also **do our part** to lean into Him so that we may receive His direction for our life. Even when we **miss** it, God is still there and will **redirect** us to where we need to go, and He will give us the strength that we need. He will provide every need. All we need to do is trust Him.

When we are feeling **frustrated** or lost without direction, God is not only telling us that He will **lead** us, but He is also telling us He will **provide**. One of the **keys** we need to use is **prayer**. Ask the **Holy Spirit** for **directions** and get ready to start up your **GPS**!

What is God asking of you at this time in your life? If it's a **difficult** path, plant both feet firmly on that path. See Him **holding out his hand** to you, asking you to join him. Take his hand and experience the path of unshakeable fullness of joy.

The Lord is our GPS
